**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Unlimited, open access to the internet and a competitive market is necessary for customers to have the best service at an affordable price.

In our area Xfinity and AT&T are just two of several options we have, but our choice from the start has been Sonic, for both business and home internet and nowadays for home DSL and telephone.

Service has been the driving reason for continued allegiance to Sonic and why we cheerfully bid AT&T adieu. Local broadband providers are necessary to providing superior service. Broadband is critical in our home for personal use as well as in providing the link to my fellow medical practitioners and clinics.
